

## EXCURSIONS A Road Trip Mini-Group Friday 2/22/19

Eighteen people traveled to the Avenue of Fashion to visit Detroit Fiber Works! It was a beautiful sunny day and Mandisa was a delightful hostess. We learned a bit about the genesis of this space and the wonderful things they are bringing to the community there and the fiber community in the Detroit area. If you missed it, do try to go down for a visit. You won't be sorry - and maybe bring a book for the Little Free Library that is installed in front of the store. It's another of the projects they are involved with.

Their Amazing Chandelier
