“Spoonflower: Designing Your Own Fabrics”

Preliminary Supply List

This class is designed to use everyday materials you probably have around the house. I will give more specific details for each one as we get closer to the class, but you will need an assortment of the following items:

- Drawing paper (copy/printer paper is great)
- Pencil, black sharpie, favorite drawing tools
- Scrap paper in different colors (recycled or decorative papers, scrapbook paper, magazine pages, newsprint or text, wrapping paper etc)
- Glue stick, scissors
- Optional but also recommended to get a Spoonflower Sample Pack:
<https://www.spoonflower.com/en/design-tools>

Technical Considerations

Things to think about ahead of time: It can be challenging to watch a Zoom/virtual class and work along on your computer at the same time. You **can** follow along and do the class project with me if you want to watch the class from a tablet/phone/laptop and do the hands-on digital parts of class from another desktop/device. You are **not** required to do this.

We will do a lot of hands-on art making projects in class, not using the computer. I will provide step-by-step handouts for the digital/computer steps of making your art into a digital design. You are welcome to take screenshots and notes as we go. If you have any technical questions ahead of time, please feel free to email me at beckarah@gmail.com

Updated supply lists will be sent to participants prior to the workshop.
